

Long, Heavy Hair?

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a regular hair-food. Feed It with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor about your hair and about Ayer's Hair Vigor. Follow his advice.

The Keios made their first tally in the fourth, and followed it up with two in the fifth, and the score was tied. The winning run came in the first half of the ninth, when the Japanese scored.
